

Open House Signs for Master Association Property

The Board of Directors for the Master Association will be providing *standardized* Open House signs that will be for use by real estate professionals during Open House Hours which are Saturday and Sunday from 10AM until 5PM.

The Master Association at Gulf Harbour will have black and gold “Open House” signs that are available to real estate professionals to put on Master Association Property in order to indicate where the Open House is located. These signs are to be placed on Master Association property to direct traffic to the Association that is hosting the Open House.

These signs must be picked up at one of the gatehouses (there will be 12 located at each gate) by the real estate professional and signed out before the start of the Open House hours. The signs will be available on a first come – first serve basis. This sign ***must be returned*** to the same gatehouse it was taken from after open house hours are over. Failure to return a sign to the gatehouse will result in the real estate professional’s privileges of using these signs to be revoked.

These signs must be placed **ONLY** on Master Property. If these signs are found on the property of a various Associations within Gulf Harbour, the privileges of the real estate professional may again be revoked.

Please sign and date this memo stating that you, as a real estate professional, do hereby agree to comply with the regulations regarding Open House signs on Master Property and drop it off at the gatehouse (you only need to fill out this form once – you will be logged out when you sign out the actual sign).
